

Journal of Geomatics

(A publication of the Indian Society of Geomatics)

Vol. 1, No. 1

April 2007

Contents	iii
Editorial	v
1. Linking hierarchies of entities and their functions in geospatial ontologies <i>Sumit Sen</i>	1
2. Development of spatial decision support system for water harvesting structures using remote sensing inputs <i>K.H.V. Durga Rao, V. Venkateswara Rao, and P.S. Roy</i>	11
3. GIS based visualization of groundwater levels and its significance <i>S. M. Ramasamy, C. J. Kumanan, S. Mahalingam and N. Nagappan</i>	17
4. Comparing and optimizing land use classification in a Himalayan area using parametric and non parametric approaches <i>Sameer Saran, Amit Bharti, Geert Sterk and P.L.N. Raju</i>	23
5. Image fusion - a performance assessment <i>M. Seetha, B.L. Malleswari, I.V. MuraliKrishna, and B.L. Deekshatulu</i>	33
6. Hydrological parameter retrieval and validation from Cartosat-I stereo data <i>Ritesh Agrawal, Anjum Mahtab, P. Jayaprasad, Nadeem Ahmad, S.K. Pathan, Ajai, D.K. Singh and A.K Singh</i>	43
7. Towards geospatial interoperability based on geo-service and geo-ontology - Review Article <i>Manoj Paul and S.K. Ghosh</i>	53
8. Managing hazards in snow covered Himalayas <i>Ashok Kaushal and Yogesh Singh</i>	61
